Here's How Safety Tubes Protect You!

Before inflating, circumference of tube is 14% greater on outside as shown.

After inflating, crown of safety tube compresses to greater thickness.

If punctured, rubber closes around object... lets air escape slowly.

Church News

Two TORRANCE HERALD

Rev. Kuester to Discuss Paul's Second Epistle

The Rev. H. Earl Kuester, pastor of Calvary Baptist Church, 2818 Manhattan Beach Blvd., will speak at the duplicate services 8:30 and 11 a.m. on "Temporary Trials or Everlasting Destruction."

This is an expository study of the first chapter of the Apostle Paul's second Epistle to the Thessalonian Church. At 7:30 p.m., Rev. Kuester will bring a message on "Where Should I Draw the Line?" This will be a frank discussion of biblical principles which will help a Christian to decide upon the rightness or wrongness of his conduct.

Today and tonight all circles of the Woman's Society will meet in homes. On Friday evening at 7:30, the parents and pupils of the 11 a.m. junior department of the Sunday school will meet in the Blue Room for a program on "Camping This Summer," presented by Mrs. Sorella Dunagan, camping chairman and Paul MacAllister, superintendent of the department. On Sunday evening from 5 to 6 p.m., Mrs. Dunagan and Charles Ramsey, superintendent, will meet with the

9:45 junior department parents and pupils for the same program.

On Monday evening the Order of Andrew will meet for their monthly calling program in the community. On Tuesday evening, the Senior High and Junior High Guild Fellowships will hold a joint meeting at the home of Diane Waymire, Dana Gay Roberts, hostess. Miss Jane Gahs of the Los Angeles Baptist City Mission Society will present pictures and a talk on the missionary work of the denomination in the L.A. area.

Presbyterians Start Work on New Buildings

Work is underway on the new buildings for the First Presbyterian Church of Gardena, which will be located at Redondo Beach Blvd. and Gramercy Pl.

Included in the first unit, now under construction, are the chapel, fireside room, and kitchen. Walls are now up and the roof partly completed. Completion is scheduled sometime this summer. A parking space for 114 cars will be provided. The sanctuary and church school building will be completed later.

At 11 a.m. services at the present church, 1842 Gardena Blvd., Dr. Robert N. McLean will discuss "The Resurrection of the Body." William Reynolds, director of music, will play the organ and direct the choir.

The pulpit committee, headed by Mrs. Dorothy Parks, is still seeking a permanent minister for the church.

Church school is held at 9:20 a.m., with classes for all ages from nursery through adult departments.

Special Service Friday to Honor Mrs. Grancell

"The Spirit of '76" will be the topic of Rabbi Henri Front at a special service honoring the 76th birthday of Mrs. Anna Grancell at 8:30 p.m., Friday night, at Temple Menorah, Redondo Beach.

Mrs. Grancell's husband, Isaac, founded Temple Menorah and she is an honorary life member. A reception will be held afterward, with Claire Bloom, Marcell Schumacher, Helen Brandwine, and Judy Sochet acting as hostesses.

First Radio Show Given By Baptists

The first in a series of radio broadcasts presented by the First Baptist Church of El Nido, 4558 W. 182nd St., Redondo Beach, was heard last Sunday.

The program called, "Melodies and Meditation," will be heard every Sunday afternoon at 4, over radio station KTYM Inglewood, 1460 on the radio dial. The program features various Christian artists of the local area and of the church.

It originates in the main auditorium of the church and is taped for the delayed broadcast.

There are still opportunities for singers and violinists. Auditions and rehearsals and taping of the broadcasts are held each Sunday afternoon between 3 and 5 p.m. at the church.

NEW STUDY HOUR SET

A new Sunday evening Bible study hour will begin at Park View Lutheran Church, 14517 Crenshaw Blvd., next Sunday at 7 p.m.

This will be an informal meeting to study the Bible and for fellowship of members. The first book to be studied will be the Gospel of St. John, according to the pastor, the Rev. Carl Oelschlager.

JUST A WEE SLICE

...of the cost goes for steel

Take that new set of irons your wife gave you last Christmas. Cost her maybe \$100.00... if she got you the wedge and the putter.

Practically all steel except for the grips... Yet the stainless steel for the heads and the alloy steel for the shafts of those clubs cost just over \$5.

Steel is essential for good golf clubs, yet the cost of the steel in them runs only a fraction of what we pay for them... That's because the makers and distributors of golf clubs have many costs besides steel—costs of other materials, of skilled labor, precision machinery, distribution and selling, taxes and such.

Same way with your automobile, refrigerator, kitchen range... any one of a hundred things that make life better, easier, fuller for all of us.

Ever try to name some necessities besides steel that sell for as little as 8 cents a pound?

Steel... metal of a million uses
